Fall Newsletter - 2022

Hello Members!

The flower beds are cleaned up, the veggies are being processed as we speak and we are preparing the yard for fall and winter. Welcome to Fall! The colors are gorgeous, the temperature is even better; how fortunate we are!

The general meetings have started up once again and the attendance in September was great! It was good to see each other again.

We just gathered for the October meeting with lots of news items being talked about and hosted a guest speaker that spoke about yard clean up and starting a compost.

Our November guest speaker is Jim Philpot of West Grow Farms. He will tell us about his business; "Pesticide-Free **Indoor Farm** in Greater Edmonton".

2023 event calendar, we are presently working on the calendar. Always exciting to be receiving that in your inbox. We hope to send it out at the end of November.

Something new for the Society!
